SUSTAINABILITY BROCHURE

## What is Sustainability?

Sustainability is defined as "avoidance of the depletion of natural resources in order to maintain an ecological balance", and at Telegraph Furniture we pride ourselves on keeping our business as green as possible.

We aim to work with factories who have the wellbeing of our planet at the forefront of their business, by constantly improving their facilities and responsibly sourcing their materials.

With new technology constantly improving both materials and machinery, we want to help make every project as eco friendly and carbon neutral as possible.

We know that going green doesn't have to cost the Earth - help us make sure sustainability is here to stay!

## Polyprop and Technopolymer Furniture

The best way to reduce post consumer and industrial waste is by recycling waste plastic.

Factories that we work with have found a way of recycling and regenerating their own waste, as well as sourcing plastic from local recycling plants and making it into some of the most beautiful contract grade furniture you can find on the market.

## REMIND ARMCHAIR

Dimensions:

H: 810mm  
W: 570mm  
D: 560mm  
SH: 460mm

Approx cost - £97

An armchair made from a monoblock of injection-moulded recycled polypropylene: 50% of plastic from post-consumer waste and 50% from industrial waste.

## REMIND SIDE CHAIR

Dimensions:

H: 820mm  
W: 490mm  
D: 520mm  
SH: 460mm

Approx cost - £80

## GINERVA GO GREEN SIDE CHAIR

Dimensions:

H: 860mm  
W: 480mm  
D: 560mm  
SH: 470mm

**Approx cost - £57**

Each seat is made of certified regenerated plastic, obtained thanks to renewable energy sources

## LISA SIDE CHAIR

Dimensions:

H: 760mm  
W: 510mm  
D: 540mm  
SH: 460mm

**Approx cost - £120**

## LADY B GO GREEN ARMCHAIR

Dimensions:

H: 780mm  
W: 560mm  
D: 580mm  
SH: 450mm

**Approx cost - £82**

## LISA BARSTOOL

Dimensions:

H: 980mm  
W: 520mm  
D: 500mm  
SH: 750mm

**Approx cost - £ 157**

### Metal Furniture

Steel and Aluminium are the easiest materials to recycle. Metal furniture can be melted down and remade into any other object.

The factories we work with use 100% recyclable non combustible materials and 80% of the aluminium for those items is recycled.

### THOR SIDE CHAIR

Dimensions:

- H: 800mm
- W: 520mm
- D: 550mm
- SH: 465mm

**Approx cost - £255**

### THOR STOOLS

Dimensions:

- H: 465mm/ 765mm
- W: 520mm
- D: 550mm
- SH: 465mm/ 765mm

**Approx cost - £ 281/ 285**

## SHINE ARMCHAIR

Dimensions:

H: 780mm  
W: 600mm  
D: 570mm  
SH: 470mm

Approx cost - £546

## PUERTO SIDE CHAIR

Dimensions:

H: 900mm  
W: 380mm  
D: 390mm  
SH: 460mm

Approx cost - £ 138

## SHINE BARSTOOL

Dimensions:

H: 970mm  
W: 540mm  
D: 570mm  
SH: 750mm

Approx cost - £606

## BARCELONETA ARMCHAIR

Dimensions:

H: 810mm  
W: 570mm  
D: 500mm  
SH: 445mm

Approx cost - £ 177

## PARADISO CHAIR

Dimensions:

H: 760mm  
W: 530mm  
D: 530mm  
SH: 455mm

**Approx cost - £680**

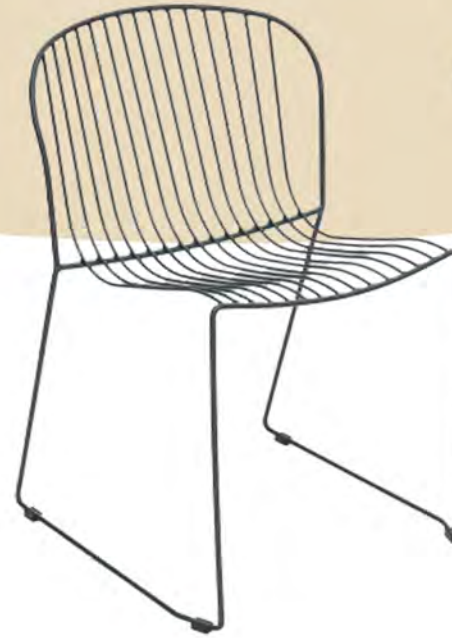

## BOLOGNA SIDE CHAIR

Dimensions:

H: 780mm  
W: 560mm  
D: 530mm  
SH: 450mm

**Approx cost - £ 254**

## PARADISO STOOLS

Dimensions:

H: 1030mm/ 470mm  
W: 530mm  
D: 530mm  
SH: 740mm/ 470mm

**Approx cost - £ 716/ 568**

## MALLORCA ARMCHAIR

Dimensions:

H: 840mm  
W: 530mm  
D: 500mm  
SH: 480mm

**Approx cost - £ 227**

## Wooden Furniture

Our factories take the issue of deforestation very seriously, therefore all of the timber used in the manufacture of our products is FSC certified. In place of each cut down tree a new one is planted.

To take matters further, the factories actively look for solutions to reduce the use of chemicals in the polishing products. By using woodstains made of natural ingredients, water based stains and lacquers and low VOC options we reduce the amount of chemicals which are being released into the environment.

Finally, by choosing alternative seat options such as cane or natural rope, you reduce the use of polyurethane foam.

### PAGAIA SIDE CHAIR

Dimensions:

H: 800mm  
W: 420mm  
D: 450mm  
SH: 460mm

**New product of 2022 pricing coming soon**

### TACTA ARMCHAIR

Dimensions:

H: 760mm  
W: 570mm  
D: 530mm  
SH: 460mm

**New product of 2022 pricing coming soon**

## HULLAHOOP ARMCHAIR

Dimensions:

H: 790mm  
W: 600mm  
D: 550mm  
SH: 490mm

**New product of 2022 pricing  
coming soon**

## LEAF SIDE CHAIR

Dimensions:

H: 795mm  
W: 510mm  
D: 550mm  
SH: 470mm

**New product of 2022 pricing  
coming soon**

## ZAZEN SIDE CHAIR

Dimensions:

H: 760mm  
W: 590mm  
D: 605mm  
SH: 485mm

**New product of 2022 pricing  
coming soon**

## FLOK SIDE CHAIR

Dimensions:

H: 745mm  
W: 450mm  
D: 455mm  
SH: 460mm

**Approx cost - £290**

## Sustainable Fabrics

It's not just furniture manufacturers that are on a mission to save our planet. The fabric houses we work with are coming up with incredibly clever and resourceful ways to make fabrics that are environmentally friendly.

From natural to fully man-made recycled fibres, we've put together some of our favourite collections that are suitable for the contract market.

Whether you're looking for a sustainably sourced jute or luxurious velvet made from post-consumer waste, we're here to help you find the perfect green solution for any project.

### Clarke & Clarke Orla Collection

Orla collection is a beautiful woven fabric made out of 52% recycled plastic and blended with natural fibres. It has been been GRS certified.

### Kirkby Design Flow Collection

Flow is a tactile semi-plain and two contemporary designs that make for a sophisticated, versatile collection of recycled jacquard weaves, made from 100% RET recycled polyester yarns produced from waste plastic bottles.

### Sunbury Design Sorsdal Collection

Sorsdal is woven using 100% Repreve recycled polyester yarns which are produced from waste plastics. Sorsdal includes the Evergreen easy clean and anti viral finish which is PFC free. The fire retardants are halogen free and this fabric is fully REACH compliant and manufactured to Oeko Tex Standard 100. biodegradable.

### Panaz ecoTWILL Base Cloth

ecoTWILL™ is an environmentally conscious base cloth made out of 100% recycled polyester, ready for designs to be printed on. ecoTWILL™ is made entirely in England, making it truly sustainable with a smaller carbon footprint. Choose from any Panaz print design to print onto this great base cloth.

### Sileather

Sileather is a sustainable silicon based vinyl. After years of development, it's a perfect hospitality and contract market fabric suitable for both indoor and outdoor use.

### Vyva Cork&Co Collection

Cork is the bark of a noble oak tree that lives on average 200 years. The cork is extracted every 9 years in an ancient and harmless natural process without hurting the tree. A sustainable and recyclable material, 100% natural
